## G.W. TO INSTALL ONE YEAR RULE

### TO START SPRING PRACTICE GIRL CAGE ARTISTS

Candidates Will Meet At The Gymnasium At 3 O'clock Each Day During Spring Practice

Spring practice for the 1925 football team will start Wednesday afternoon, April 1, and continue for three weeks. All candidates are to report to Coach "Maud" Crum at the gymnasium at 3 o'clock, to receive equipment.

Practice sessions are to be held each afternoon of the week except Saturday, and play will be on the gridirons at Potomac Park. Punting, passing, dropkicking, formations, and style of attack will be the points stressed in the early workouts, but no scrimmage will be held at first.

The speed with which the team gets under way in the fall and rounds into mid-season form will depend largely on the number of men out for the early workouts. Coach Crum expects a large squad of men to report, comprising most of this year's veterans as well as a number of new men.

Prospects for a winning team next fall are very good, a number of high-school stars are expected to matriculate when school opens in September, and it is reported from very reliable sources that several stars from other colleges are coming to George Washington next fall.

Coach Crum stresses the fact that it is very necessary for the men to come out for football now if they expect to make the team in the fall. Much time can be saved and much experience with the style of play used by the present coach can be had in these early sessions.

The football season opens September 26, when the Buff and Blue gridmen stack up against the Blue Ridge College team. School opens the week of the 21st, and it is very necessary that the team be in good shape fundamentally if the season is to open with a victory.

It will hardly be possible to hold more than two weeks of preseason practice before the opening of school in the fall, and it is this series of spring workouts that Coach Crum is depending on to build his team around.

Report at 3 o'clock in the gymnasium tomorrow.

### THETA DELTA CHI HOLDS ANNIVERSARY BANQUET

Active and graduate members of the Chi Deuteron charge of the Theta Delta Chi Fraternity held a banquet at the Continental Hotel on the evening of March 26 to commemorate the twenty-ninth anniversary of the installation of the George Washington University charge. The celebration was unusually well attended by the local members of the fraternity and several out-of-town Theta Deltis were present.

Robert Ash, of the class of '17 and a prominent local attorney, presided over the banquet and introduced Ivan Powers, speaker of the evening, who gave a short and inspiring address on the fraternity and its ideals.

The feature of the entertainment program was an exhibition of the Argentine tango, danced by Luis Alfaro, nephew of the Minister from Panama and a pledge of the fraternity, and Miss Eugenie Le Merle. Theta Delta Chi is one of the oldest fraternities in the country, having been founded in 1847.

### ACCURATE DATA SOUGHT BY CHEMICAL SORORITY

Chi Sigma Gamma Chemical Sorority is very active in its pursuit of chemical knowledge. Not only that, but they even seek the explanation of such mysteries as are involved in cosmetic manufacture. Their papers are not confined to such subjects, however, but deal with chemistry of different natures.

Among the papers given before the sorority at recent meetings the following are the most prominent: "Natural Perfumes and Synthetic Perfumes," both by Violet Raison; "Lead," the first of a series on that subject, by Elizabeth Morris; "Historical Events in Chemistry" and "Helium and Its Uses," both by Alice Murphy.

### JUNIOR PROM FAVORS

Additional Prom favors for the Junior Prom have just been received and may be secured from Dean Rose's office, first floor of Building 2, 2025 G St., by presenting prom favor stubs. Only a limited number of favors were ordered, so students interested should not delay their visit to the Dean's office.

### ATTRACTIVE NOVELTIES AT GLEE CLUB DANCE

Club Planning Easter Trip; Also Have Three Church Concerts Scheduled

Happiness and "youthful jollity" bespoke themselves the entire evening at the Men's Glee Club dance given in the gym last Friday night. Perry Watzman, manager of the affair, is to be congratulated for the hard work he did in making it a success.

From the tuning up of the orchestra until the last number, there was something going on every moment, so that time sped by on speedy wings. The Glee Club selections were heartily applauded, and the men were obliged to sing several encores. Then there were the refreshments; they were genuine. Confetti was everywhere and on everyone.

But the "novelties" were the feature. There were squawkers and rattles galore till the gym sounded like bedlam. The outstanding "novelties" were the nonleakable wine glasses, both surprising and disappointing.

For the first part of May the club has scheduled three concerts. It will visit the Park View Christian Church May 1. On May 6 a program will be given at the Grace Reformed Church, and May 8 a third concert will be given at the Chevy Chase Presbyterian Church. Anyone who desires the club to sing at their church should see either Weikert or Secretary Klapp. Concerts are given at a very reasonable guarantee.

Plans are being made for the Easter trip. The men may go by auto. If any person would like to offer his car for the trip, he will be paid 5 cents a mile and given expenses. Besides he will be sure to have a good time. The club can be reached Tuesday and Thursday nights at 7 p. m. in Corcoran Hall.

### SIGMA KAPPA INITIATES SIXTEEN AT BANQUET

Sixteen pledges were conducted through the formal rites of initiation into the Sigma Kappa Sorority following a banquet at the Raleigh Hotel last Saturday night, attended by over 80 members and initiates. Mrs. Grace Willis Thompson, district chancellor, who assisted with the initiation, and Mrs. G. W. Hall, of the Alpha Chapter and one of the founders of the fraternity, were honor guests.

Mrs. Nell Enlows, a graduate of the local chapter, presided as toastmaster at the banquet. Unique and attractive place cards were prepared as a part of the program of toasts. The programs were arranged to represent a radio program with the members' initials being used as station letters and each calling for a different part of the entertainment.

Those initiated at the banquet Saturday night are: Adele Allison, Ruth Barnhart, Gladys Blackney, Gene Hoffman, Elizabeth Hopkins, Helen Jones, Anna Laura McClellan, Elizabeth Owen, Sylvia Payne, Marjorie Rhodes, Betty Ryan, Alice Speiden, Ruth Smith, Virginia Watkins, Gertrude Young, and Gretchen Zimmerman.

### TROUBADORS HOLD REHEARSAL

The Troubadors held another rehearsal in the gym Wednesday evening, March 25. They are practicing for the "Varsity Play." They rehearse every Monday and Wednesday evening. The next meeting of the Troubadors will be held some time in April.

### DEFEAT U. OF PENN.

Take Last Game Of Season On Home Floor By A Score Of 40 To 24

### ALSO DEFEAT GALLAUDET

Dean Rose Giving Dinner Wednesday For Members Of A Successful Sextet

Displaying their best form of the season, the George Washington University girls' sextet defeated the University of Pennsylvania six by a score of 40 to 24 in their closing court battle of the season. A good crowd gathered in the Hatchet gymnasium for the battle, and watched the home team pile up an early lead that netted them the victory.

Play was the fastest in the center of the floor, with Mildred Omwake, the Hatchet's six-foot center, batting the ball to her side partner, "Flying Jimmy" Cate, on the tap-off. Grace Young and Alys Ewers, forwards, played fast games, each potting nine field goals for the winners. Only Miss Jones, fighting forward for the visitors, was able to pierce the guarding of Ella April and Elizabeth Hastings with any consistency, her seven field goals constituting most of the Pennsylvania score.

Mildred Omwake got the tap-off and the ball went flying down the floor. Play was fast and furious with the Buff and Blue drawing steadily ahead. With the opening of the second period the northern team took on new life, but the Hatchettes were equal to the occasion, and at half-time were leading by a good margin.

Several hard shots boosted the G. W. total in the third period and when the whistle blew for the final go the home girls were leading 37 to 12.

Going into the fourth quarter with the score hopelessly against them, the visiting sextet came back with a strong game, and taking advantage of the coasting Hatchet team, ran their score up to 24 before the final whistle.

The George Washington team played very good ball for the first three quarters, smothering their opponents, but the visitors came back strong in the last period. Clean play featured the entire contest, Miss Stockett of Eastern and Miss Moody of Central, referee and umpire, keeping the game fast and unmarred by fouls.

Wednesday afternoon the Hatchet six invaded the Kendall Green gymnasium and defeated the Gallaudet College sextet, 35 to 15.

Going to the front from the start, the Buff and Blue was leading at the end of the first period, 9 to 1. By half-time the score stood 17 to 4 in favor of the Hatchette girls.

Alys Ewers led the team in scoring with a total of 21 points, while Grace Young followed with a total of 17.

The George Washington University six have had a very successful season, winning games from William and Mary, Westhampton College, Gallaudet, Wilson Normal and Pennsylvania. Games were dropped to the

(Continued on page 3)

### POLITICAL SCIENCE CLUB PERFECTS ORGANIZATION

A. I. Hasskarl was elected president of the newly founded Political Science Club at its first regular meeting in Corcoran Hall, Tuesday evening, March 24. At the same meeting, Willis B. Hazelton was chosen vice-president and Miss Sherwood, secretary-treasurer.

The meeting was well attended and proved to be very interesting. The society is composed of those students of George Washington University seriously interested in questions of a political nature, and is fortunate in having the active support of the instructors of political science and kindred subjects in the University, who are much concerned in the development of the organization.

The next meeting will be held on the second Tuesday of next month, April 14, at which time all those who are willing to take an active part in the work of the organization are invited to attend.

### COMMERCE CLUB HEARS PROMINENT ECONOMIST

"American Foreign Trade in Relation to National Self-Sufficiency" was the subject taken by Dr. E. Dana Durant, well-known economist, in an address before the George Washington Commerce Club last Tuesday night in Corcoran Hall. Following his address, Dr. Durant was questioned on his subject by the audience. The club plans in the future to have addresses by other men, prominent in their respective fields.

### FRENCH UNIVERSITIES PLAN SUMMER COURSES

Summer School For Foreign Students Desiring To Study French Life, History And Art

Great opportunities are offered to students interested in the French language through the summer courses offered by French universities and institutions, according to an announcement recently made by Prof. R. B. Foster, instructor in the Romance Language Department. Among some of the most prominent are the University of Paris; the Sorbonne Summer School, which will be held from July 1 to November 1, is divided into four complete monthly sessions. Courses will be given on literature, history, aesthetics and philosophy. Alliance Francaise, 101, Boulevard Raspail, Paris sessions are from July 1 to August 31. University of Besancon, University of Clermont-Ferrand, University of Dijon, University of Grenoble, University of Poitiers, University of Strasbourg and the University of Toulouse.

The French summer schools are mainly organized for foreign students who wish to obtain a thorough knowledge of French life, literature, history and arts. In all the university towns, hospitality committees will organize various forms of recreation to provide students with profitable diversions from study, while at the same time affording them the opportunity to profit by their sojourn in France by acquiring a knowledge of French habits, customs and character. Efforts will be made to bring the students into contact with the residents of the towns and walks and excursions will be planned by it for weekends.

With the assistance of a French professor, the widest possible territory will be covered throughout the surrounding regions, by means of promenades and excursions, generally by autocar; the outstanding facts bearing upon the life and history of the district from the literary, scientific and social point of view will be explained. In this manner each participant, quite irrespective of the choice of universities, is assured of an exceptional opportunity to review the past and the present of some of France's most interesting provinces.

A choice of four itineraries is offered to all participants: one covering France and Switzerland, one the Alps, Riveira and old Roman cities, one Chateaux country, Pyrenees, Midi, Rhone Valley, and the fourth, France, Belgium and England.

Detailed information can be obtained from R. B. Foster, of the Romance Language Department.

### PLAN GOOD "DUTCH" MENU FOR GERMAN CLUB SUPPER

Full speed ahead for the German supper was declared at the last meeting of Der Deutsche Verein when the club was entertained by Miss Esther Hull. Reports of the members showed that the tickets were being sold rapidly, while reports of the supper committee gave assurance that everyone who purchased a ticket was going to get his 65 cents' worth.

Beside a typical German menu, prepared by a German cook, several novelty entertainment numbers have been arranged which will be offered throughout the feast. The supper will be served Thursday evening, April 2, in the University Cafeteria from 5 to 8 p. m. for the convenience of students attending evening classes.

### MENORAH TO MEET

Dr. Herwitz will address the Menorah Society at their meeting Thursday night at 8 o'clock in Room 23, Corcoran Hall.

### Zollar Elected Court Captain And Plans For One Year Athletic Rule Announced At Basketball Banquet

Herbert "Horse" Zollar was elected captain of the 1925-26 Hatchette Basketball team at a banquet tendered the members of the team at the Madrillon Restaurant last night. He has served as center the past year and is a capable man to lead the team, which will remain intact, next year.

The principal speakers of the evening were President Lewis, Dean Van Vleck, Professor Gilbert L. Hall, who served as toastmaster, and Coaches Daily and Crum.

Announcements to the effect that Coach Crum has been named as director of athletics, effective next year, and that by 1926 George Washington will have adopted rules such as the "one year rule, and others which will enable the teams to play the best teams in the country," were made.

Plans for the 1926-26 basketball schedule include a game with Princeton here, two trips which will include games with Army, City College of New York, Carnegie Tech, New York A. C., and games with other teams of like caliber.

In the speech of President Lewis, Coach Daily and the team came in for abundant praise, as was the case in the other speeches. President Lewis made a plea for athletics as a big part of the greater George Washington, saying in part, "I prefer the man who goes to a football game to the one who stays away and goes to a toedance. I fear that we will become soft and I want us to be hard."

In summary he said there were two great ideals he is trying to put to the fore at G. W., "one, the highest scholastic standing and the other the highest athletic standing in the country."

Dean Van Vleck spoke of the year of experimentation just passed, and hoped for better things in the future.

Coach Crum bore out this idea to a further extent by promising that "if backed by the students, in five years G. W. would be playing and beating the very best teams in the country."

(Continued on page 4)

### DR. EDMUNDS TO LECTURE ON CHINESE ARCHAEOLOGY

Dr. Charles K. Edmunds, Provost of Johns Hopkins University and former president of the Canton Christian College of China, will give an illustrated lecture on "Art and Archaeology of China," in Corcoran Hall next Friday evening, April 3, under the auspices of the Art Promoter's Club of George Washington University.

The late Dr. Carroll was very much interested in having Dr. Edmunds give this lecture here and it is largely as a result of his efforts that the engagement has been closed. Dr. Edmunds has spent a great many years in China, and besides being an authority in the Art and Archaeology of China, is a most interesting speaker.

### WHIZ BANG SUPPORTERS LOSE MAGAZINE DEBATE

Reading the "American Mercury" is more essential to the mental alertness of the American student than reading "Captain Bill's Whiz Bang," according to a vote of the Columbian Debating Society taken at their meeting last Friday night, following a debate on the subject. Gallagher and Alderson, of the affirmative, upheld the "American Mercury" as containing clean humor, stimulating sarcasm, interesting facts, and good fiction. Rosenthal and McBeth, by witty remarks and clever repartee, defended the smaller magazine.

W. W. LaRue was elected to membership in the society.

Friday night, teams composed entirely of girls will debate the question, "Resolved, That Women's Styles Should Be Suppressed."

### FREE LANCE MEETING

"Martin Luther's Contribution to Civilization" was the topic of a paper read by Clarence Mitchell Thursday night before the George Washington University Free Lance Club.

## SHOOTING TO WIN

Shooting with defeat staring them in the face the Georgetown rifle team last week rose to almost super-human heights and turned in by far the highest score of the season, while George Washington's champions, shooting with the same fear of defeat, failed to measure up to their records of the preceding weeks.

It is no reflection upon the team or upon the men's ability as marksmen. It was only one of those unexplainable tricks of Fate which deprived them of victory, the same Fate which smiled so graciously upon the Hilltop lads.

The Buff and Blue is undoubtedly one of the strongest rifle teams in the country, and last year fully demonstrated their ability by winning every title match they entered, and coming out of the season as the Inter-collegiate rifle champions of America.

They still have a chance to vindicate themselves. Next month the second annual National gallery matches will be shot in New York. Last year George Washington, shooting against Georgetown and ten other colleges and universities, won by a wide margin.

This year they will meet those same schools and others, and when shooting in a shoulder-to-shoulder match with the Hilltop troop no cause for complaint can be found if they lose. If Walter Stokes' charges come through as everyone is predicting, another National gallery championship cup will be added to the trophies of the University. If they lose we may well be sure it was because the other teams were better.

## THE BASEBALL SPIRIT

Signs of spring seem to be the natural signal of the baseball enthusiast, and those lovers of the diamond sport in George Washington have not been slow to answer the call. It was a keen disappointment to not only the prospective players, but to the school as a whole when the project for a varsity baseball team this year had to be abandoned.

But those players cannot be easily dissuaded from their plans. Already four inter-mural teams have been organized and are practicing hard for the inter-mural championship games to be played this month. There is not the same inducement to give their best to the sport and those who do support them are worthy of only the highest commendation.

For five years the Engineering College has placed a team in the field each spring to represent the University and have

met such teams as the Quantico Marines. These teams have been supported and financed entirely by the members and a few loyal engineering students. This year they have promised to do the same thing since it is impossible to have a regular varsity team.

These men deserve all the glory we can possibly give them. It cannot be wholly their love for the sport which makes them sacrifice their time and money for a school team when they could all play on sandlot teams and derive the same benefits. It is a true loyalty for their University.

## EXCHANGES

All forms of hazing have been abolished from the campus of the University of Utah, by a resolution passed by the student body.

A modern hotel is planned for the campus of Texas A. and M. The structure will be three stories high. It is intended to relieve the overcrowded conditions now existing, and to provide for visitors to the school.

The faculty of Notre Dame has passed a law forbidding any student to own an automobile.

Every national sorority in the United States has a chapter at the University of Minnesota.

Weekly lectures on athletics are being given co-eds at the University of California, so that they may be able to understand what they are looking at when attending sports.

Fifteen Haverford cricket players will go to England next summer for a cricket trip through that country. A playing schedule is now being arranged for them.

A society has been formed at McGill University for the suppression of crossword puzzles, because they are such monopolizers of time.

Green theme paper is used in certain classes at Wisconsin University, as a relief for the eyes.

Wellesley girls look forward to rainy days, when they will bring forth oilskins bearing elaborate hand-paintings.

The number of American students in Oxford University is slowly declining. In 1922 the Americans numbered 266, last year the total was only 181 and this year it fell to 170.

Enrollment in American colleges will total more than 300,000 this year. Columbia claims the largest quota, with 35,000 students.

Expenses of women at 114 colleges and universities were compiled by a committee of the American Association of University Women, and it was found that college costs the average co-ed about \$650 per year.

The General Extension Division of the University of Florida provides an opportunity for those who are unable to attend college to acquire their education at home. There are more than 7,000 enrolled in this department.

Ohio State's Library has received four volumes of Chinese books containing the works of 28 Chinese philosophers.

Johns Hopkins recently broadcasted their songs and yells from station "WGY" as part of "Intercollegiate Night" program.

Women of the University of Vermont are awarded a certain number of points for engaging in any school activity. No one is permitted to carry more than the maximum total of ten points.

The School of Journalism of the University of Iowa recently completed their newspaper library. This library will contain copies of some 2,500 newspapers from all over the United States, in order to give the students an idea of the various styles used in different papers.

Seniors at Massachusetts Tech are to be given a physical examination to determine the effect of four years' work on the student.

It has been estimated that students at Ohio State University spent \$34,000 following the football team on trips this year. It is believed that the average number to go with the team on trips is 1,000.

The University of London is the largest in the world, having more colleges affiliated with it than any other university. It occupies 212 acres.

## GIVE BIRTHDAY PARTY FOR PRESIDENT LEWIS

President William Mather Lewis was given a luncheon in celebration of his forty-ninth birthday last Tuesday, March 24, at the Army and Navy Club by a group of friends and associates.

The hosts were Clarence A. Aspinwall, Dr. Marcus Benjamin, Rev. Douglas P. Birnie, D.D.; David H. Blair, Dr. Joel T. Boone, Thomas W. Brahany, L. White Busbey, Edward T. Clark, Col. Edward Clifford, Dr. Hugh S. Cumming, J. Harry Cunningham, J. Maxson Cunningham, Harry C. Davis, Gen. Georges A. L. Dumont, Rev. J. Stanley Durkee, D.D.; John Joy Edson, Judge Milton C. Elliott, Joshua Evans, Jr.; Col. Frederick S. Foltz, Isaac Gans, Elliot H. Goodwin, Charles Carroll Glover, Jr.; Rear Admiral Cary T. Grayson, Dr. Gilbert Grosvenor, Hon. E. J. Henning, Louis Hertle, Dr. David Jayne Hill, Dr. H. L. Hodgkins, Col. Archibald Hopkins, Dr. Charles C. Swisher, Gen. Charles F. Humphrey, Richard W. Hynson, Dr. Ralph Jenkins, Coleman Jennings, William B. King, John B. Lerner, Judge J. Wilmer Latimer, Maj. Gen. John A. Lejeune, Charles Porterfield Light, Thomas P. Littlepage, Rev. James T. Marshall, North O. Messenger, Dr. George E. MacLean, Eugene Meyer, Jr.; Judge John Barton Payne, Walter S. Penfield, Rev. Wallace Radcliffe, D.D.; Brig. Gen. George Richards, Col. W. P. Richardson, Swagar Sherley, Edgar C. Snyder, Canon Anson Phelps Stokes, Huston Thompson, John J. Tigert, Walter R. Tuckerman, Henry L. West, Dean William A. Wilbur, Frederick William Wile, Rev. Charles Wood, D.D., and Judge Northrop.

## MASONS TO MEET

The regular meeting of the George Washington University Masonic Club will be held at the Gavel Club rooms, 719 Thirteenth Street N. W., Wednesday evening, April 8, at 8 o'clock. All members are requested to be present, as several questions of importance are to come before the club at this meeting.

The Oak Room of the Raleigh Hotel was last Tuesday evening the scene of a delightful dance given by the Delta Theta Phi Law Fraternity. Approximately fifty members and guests were present.

Miss Margaret McLaughlin was hostess at a dinner party of the Phi Delta Delta Legal Fraternity on Saturday, March 21, at the University Women's Club. Miss Lucile Atchison, the only woman appointee of the Consular Service, was guest of honor.

On Tuesday afternoon the members of the Alpha Delta Pi Sorority entertained their mothers at a delightful luncheon given in the sorority room.

A breakfast was given Sunday morning, the 22d, by the Kappa Deltas at the chapter house on Que Street.

The Delta Tau Delta Fraternity entertained at an informal dance last Friday night at the Chapter House, 1743 Eighteenth Street. The dance, which lasted from 10 until 1, was unusually successful, with Happy Walker's orchestra furnishing the music.

The benefit card party given by the Chi Omega Fraternity on last Tuesday evening in Corcoran Hall was a marked success. Many members of

the University were present, with about 40 tables being used for the games.

On Wednesday evening, March 25, Miss Frances Davis was hostess at bridge in honor of the pledges of the Chi Omega Fraternity. Five tables were in progress during the evening, the guest list including Misses Walten, Braswell, Brandenburg, Adkins, Fresgrove, Hutchison, Wise, Cooper, Ruth and Dot Lewis, White, Vaiden, Hill, Supton, Periam, Talbert, Maroney, and Bane.

Miss Pauline Yates Long entertained at bridge on Thursday afternoon, March 26, in honor of Mrs. Philip Tracy of New York. The guests were Misses Marjorie Tracy, Marguerite Smith, Helen Curran, Frances Walker, Myra Putnam, and Lucy Bliss. The party was made most attractive by the novel tallies and favors, which were the handiwork of the hostess.

Members of the Girls' Rifle Team from Drexel Institute were guests of the Rifle Team of the University at luncheon at Cleves' Cafeteria on Saturday. Following the matches in the afternoon, they shared honors with the girls from the University of Maryland at a dinner given by the G. W. team in the Phi Beta Phi rooms.

Sunday, March 22, the Phi Sigma Sorority gave a house warming party to Mildred Murray, who has just moved into her new apartment at 1900 Nineteenth Street N. W.

Dorothy Manning entertained the Phi Sigma Sorority and their friends in her home at an informal dance the evening of March 21.

## But the whole team doesn't play first base

To suppose that a baseball nine will all cover just one position is as far from the truth as to think that everyone in the electrical industry is an engineer.

This field will always need trained engineers. But with its great manufacturing, construction and commercial activities, the industry must have non-technical men too.

Since the industry is manned by many types, the result of your work will depend a good deal on the success with which you team up. The qualities that win are not only efficiency attained by the light of a study lamp, but that all-pull-together spirit of the athletic field.

This point of view may be useful to the man who has wondered whether campus activities, with all their striving and stern testing, their setbacks and their triumphs, have any counterpart in after life.

## STRONG TEAMS FEATURE SPRING TENNIS SCHEDULE

Team Planning One Trip And Will  
Also Participate In South  
Atlantic Meet

Matches with some of the strongest teams in the East are included in the tennis schedule for this spring which has just been announced by Manager Jack Rutley. Dean Hugh Miller, coach of tennis, plans to build up a strong team with the experienced men and the new candidates who attended the tennis meeting held in Corcoran Hall last Friday.

At the meeting Friday, Dean Miller said practice would be held regularly from 2 to 4 each afternoon on the George Washington courts at Twenty-fifth and N Streets, which will be ready within the next few days. Besides these intensive practice periods, individual players will use extra periods after 5 o'clock and on Sunday.

About 15 men will be carried on the regular squad this year, eight of whom will be regulars and will be taken on all trips. Sweaters and letters will be awarded the men who make the team.

Prospects for a winning team are bright this season. Besides several letter men, there are about 20 new candidates, many of whom have had experience in tournaments. The schedule as arranged contains matches with some strong teams, as well as participation in the Middle Atlantic intercollegiate championship. The team will take one trip, May 12 to 15, to play the University of Pennsylvania, Swarthmore, Franklin and Marshall, and Lehigh. Matches have also been closed with Catholic University,

University of Maryland, Johns Hopkins, Naval Academy, and Haverford College, but no dates set.

Following is the schedule as announced:

**HOME—**  
April 24—Swarthmore.  
April 27—Georgetown.  
May 2—Franklin and Marshall.  
May 7, 8, 9—Middle Atlantic Intercollegiate championship.  
May 8—Lehigh University.  
May 16—University of Delaware.

**AWAY—**  
May 12—University of Pennsylvania.  
May 13—Swarthmore.  
May 14—Franklin and Marshall.  
May 15—Lehigh University.

## THREE LOCAL COLLEGES PLAN GOLF TOURNAMENT

G. W. Linkmen Show Good Form in  
Week-End Practice  
Sessions

Golf managers of teams representing George Washington University, Georgetown University, and Catholic University will meet this week to make final plans for the triangular match to be held the week of May 1. The match will be played on the East Potomac public golf course.

The team that is to meet the University of Pennsylvania golfers in Washington, April 13, will consist of Capt. Jo Bloom, James Davis, R. M. Brown, and John F. Brawner. Two more men may be added before the match.

Practice sessions are being held Friday, Saturday, and Sundays of each week, both the public course at East Potomac and the Bannockburn Country Club course being used. The players are rounding into form, and may be expected to shoot par golf when the Pennsylvania team is met.

A permanent captain will be elected to replace Jo Bloom, now acting captain, after the April 13 meet. Bloom will continue to manage the team which he has fostered and organized. Burnett Connelly, Marx Kaufman, Richard Congdon, Joseph Bono, F. Stewart, and many others of the men out are showing great prospects.

Anyone interested in trying out for the golf team should report to Acting Captain and Manager Jo Bloom.

## TRIANGLE MATCH WON BY CO-EDS

Shoot Fourth Perfect Score Of  
Season In Match With Mary-  
land And Drexel

MATCH ON G. W. RANGE

Girls Also Take Telegraphic Match  
From West Virginia With  
Score Of 499

Another perfect score, their fourth of the season, enabled the Buff and Blue girl sharpshooters to win easily their triangular shoulder-to-shoulder match from the University of Maryland and the Drexel Institute team, shot in the Hatchet rifle range last Saturday afternoon.

Five of the seven George Washington girls to shoulder the firing line turned in perfect scores of 100 each, while the other two contenders dropped one point each, for a team total of 500. The team from the University of Maryland was second with a score of 492, leading Drexel Institute by one point. Betty Reese, last member of the Philadelphia team to shoot, turned in the only perfect score of either team of the visitors.

The match started off well for the Hatchet markswomen, Captain Kay Edmonston turning in a perfect score at the outset. "Zeb" Owens missed a wonderful target by one stray shot, but Edna Kilpatrick, Eleanor Barroll, Mae Huntzberger and Adelaide Cotter turned in possibles to easily clinch the meet. Sophia Waldman took it easy on the final lap, turning in an easy 99.

Next week the Hatchet team shoot the University of Cincinnati in the final telegraphic match scheduled. Other matches may be arranged later.

The girls' team also won their telegraphic match against the University of West Virginia, turning in a 499 score. This match gives the Hatchet girls a clean slate. Kay Edmonston, Eleanor Barroll, Katherine Shoemaker and Ermytrude Vaiden each turned in possible 100's, and Elizabeth Owens scored a 99.

In the third stage of the intercollegiate women's championship matches the George Washington team scored a total of 840 points in a possible 1,000. This stage consisted in shooting 20 shots offhand, a very difficult feat. The following scores were made: Kay Edmonston, 177; Adelaide Cotter, 170; Eleanor Barroll, 165; Ermytrude Vaiden, 164; and Sallie Burkin, 164.

## LEWIS SPEAKS AT DINNER OF N. Y. ALUMNI CLUB

Forty George Washington University alumni gathered at the Fraternities Building in New York on the evening of March 20 for the annual dinner of the alumni club there. General Avery D. Andrews, the president of the club, presided, and introduced President Lewis, who made an address on the progress of the University during the past year.

A number of members present made cash contributions to the gymnasium equipment fund amounting to \$110. The dinner was arranged by Fritz v. Briesen, the chairman of the Executive Committee of the New York Club, and was successful in all its details.

## INTERSORORITY TEAMS FINISH GAMES THIS WEEK

Intersorority basketball games started in full swing last week. The first game between Alpha Delta Pi and Pi Beta Phi, resulting in a victory for the latter. The A. D. Pi's scored 35 to 8 for the Pi Beta's.

Stirred on by this victory, Pi Phi repeated this performance a couple of days later by defeating Delta Zeta 39 to 2.

The next game which the sorority basketball fans enjoyed was between Alpha Delta Pi and Gamma Beta Pi, in which A. D. Pi was defeated 26 to 13. Sigma Kappa next entered the round and was defeated first by Alpha Delta Pi 48 to 4, and then by Chi Omega 35 to 5.

Further games will be played next week, and the schedule has been shifted to evening games. Gamma Beta Pi and Chi Omega have shown the best form to date, but the victor is still in doubt.

## HATCHET GUNMEN SUFFER SEASON'S FIRST DEFEAT

Lose Final Match Of Middle States  
Contests To Hilltop  
Marksmen

George Washington University's riflemen bowed for the first time this season to Georgetown University in the telegraphic match shot last week. Georgetown made a record score of the year, 1,944, while George Washington, last year's champions of the country, made but 1,920. This victory of the Hilltoppers brings to them the championship in the Middle States Intercollegiate Rifle Matches.

Of the five highest scores made by the G. W. gunmen, F. W. Strawbridge came first with 386, J. W. Crockett, and J. A. Plugge tied for second with 385, Eric Newcomb and T. G. Riley tied for fourth with 382.

Every effort possible was made by the Hatchettes to have the match shot shoulder to shoulder, at any time or place convenient to the G. U. riflemen, but for some reason the latter refused. Coach Walter Stokes felt that the spirit of competition would have been keener had the two local teams been able to shoot at the same time.

Next week the George Washington rifle team shoots a shoulder-to-shoulder match with Maryland University. Ten men will be taken from each team to participate in the match. The positions of offhand, sitting, and kneeling will be eliminated and the courses will be shot from the prone position.

On April 18 the G. W. riflemen will go to New York to participate in the Intercollegiate Gallery Championship Matches from which they emerged victors last year. It is understood that the Georgetown team will not go.

## GIRL CAGE ARTISTS DEFEAT UNIV. OF PENN.

(Continued from page 1)

speedy six from Swarthmore College, and to Temple and William and Mary. Dean Anna L. Rose will entertain the G. W. U. girls' team at a supper Wednesday night. Toasts and speeches will feature the evening, and the past season's activities will be reviewed. Letters and sweaters will be presented to Alice Haynes, manager; Mary Bixler, captain; Alys Ewers, Grace Young, Leah Cate, Mildred Omwake, Gene Jackson, Mary Hastings, Ella April, Betty Armentrout, and Mary Jackson, coach.

The score in the Pennsylvania games follows:

G. Wash. (40)	Penna. (24)
Ewers .....	L. F. ....
Young .....	R. F. ....
Omwake .....	Center .....
Cate .....	S. C. ....
April .....	L. G. ....
Hastings .....	R. G. ....
	Siter .....

Substitutions: George Washington—Jackson for Omwake, Bidler for April. Pennsylvania—Joy for Wilson. Court goals—Ewers (9), Young (9), Wilson (7), McCardle (3). Free goals—Ewers (2), Young (2), Jones, McCardle (3).

Referee—Miss Stockett (Eastern). Umpire—Miss Moody (Central).

## SIGMA PHI EPSILON WINS BOWLING LEAGUE CONTEST

Bartley Corbin, S. P. E., Takes Individual Honors With High  
Score of 333

Sigma Phi Epsilon won the cup offered to the winner in the Interfraternity Bowling League by bowling 1,439 last Monday. Theta Delta Chi was runner-up and Theta Upsilon Omega finished third.

To Bartley Corbin, high point winner for S. P. E., goes the honor for highest individual score. His score for three games was 333. The highest score for a single game was bowled by S. P. E., 504.

S. P. E., the last of the fraternities to bowl, was scheduled to appear March 24, but changed the date to March 23. The other fraternities bowled in pairs. The first two bowled March 3, and several have bowled each week since that date. Each bowled three games, the highest total for three games winning the cup for the fraternity making it.

Under the direction of J. T. White the bowling schedule was run off smoothly, with satisfaction to all fraternities, and the tournament was a pronounced success.

The individual scores of S. P. E.:

	Totals
Allen Coe .....	74
Bill Korlin .....	90
Bartley Corbin .....	101
W. Graham Fly .....	102
Bert Law .....	86
Harold B. Willy .....	95
	447

Total scores for the whole series follows:

Sigma Phi Epsilon	447	504	488	1439
Theta Delta Chi	467	490	474	1431
Theta Upsilon Om	460	462	479	1401
Sigma Alpha Epsil	455	475	453	1383
Sigma Chi	457	492	429	1378
Acacia	455	464	450	1369
Kappa Sigma	451	477	436	1364
Sigma Nu	458	457	444	1359
Delta Tau Delta	457	437	438	1332
Phi Sigma Kappa	434	408	421	1263
Kappa Alpha	363	411	376	1150

## Advertising in College Papers

—is like radio broadcasting which is delivered to an unseen audience, and the "broadcaster" knows nothing of the message registration unless responses are sent in.

In December the John Hancock ran in this paper an advertisement headed "Do College Students Read Advertisements?" Here are some of the responses:

"Your advertisement in the Dartmouth was an unusual one, and I want to express my approval."

"If there were more ads like

the one you ran in the Princetonian this morning it would be a pleasure to read a paper of nothing but ads."

"The students here in Hanover not only read the advertisements but also patronize the advertisers."

"The advertisement in the Illinois is written from the college students' point of view. I believe in insurance because of the sound economic principles which underlie it. There remains then only the kind of policy and the company. What have you got?"

The John Hancock Mutual is particularly interested in insuring college men and women and obtaining ambitious college graduates for the personnel of its field staff.

Over Sixty Years in  
Business. Now Insuring  
Over Two Billion Dol-  
lars on 3,500,000 Lives

## Four Teams Form Sandlot League To Settle Championship Honors

Engineers, Chemists, Pre-Meds, and Columbian College Are Included in  
The Interdepartmental Line-up Which Promises an Interesting  
Series

The Interdepartmental Baseball League of George Washington University will swing into action on April 4, when the Engineers meet the Chemists in the opening game of the season. Four teams, the Engineers, Chemists, Columbian College and Pre-Meds, now make up the league, with nine games scheduled for each team.

The schedule made out recently by Manager Ernest Klein has been approved by Coach Crum, athletic director of the University, and practice of the teams was started in earnest

this week. Nines desiring entrance to the league should see Ernest Klein immediately so that additional dates may be added to the schedule.

A meeting to organize the Columbian College team was held in Corcoran Hall last Monday and plans to put the strongest possible team on the field were perfected.

Diamond No. 3 has been secured for practice and play. All games will be staged between 1 and 3 p. m. Following is the schedule:

	Engineers	Chemists	Columbian College	Pre-Meds.
Engineers .....	Support	April 4-18 May 2	April 9-29 May 7	April 15-23 May 13
Chemists .....	April 4-18 May 2	Your	April 16-25 May 14	April 11-30 May 9
Columbian College .....	April 9-29 May 7	April 16-25 May 14	Own	April 8-22 May 16
Pre-Meds .....	April 15-23 May 13	April 11-30 May 9	April 8-22 May 16	Team

## RESEARCH CHEMISTS TO PRESENT WORK

Research Students Completing  
Results for Chemical  
Society Meeting

### SEVERAL PREPARE PAPERS

Projects Include a Number of New  
Experiments and More Accuracy  
In Old Ones

The first report of the results of certain experiments carried on by the research unit established as a part of the development of the department of chemistry are to be reported before the spring meeting of the American Chemical Society at Baltimore, April 6-10, inclusive.

In collaboration with Dr. S. F. Acree, Director of Physical Organic Research, members of the unit have completed a number of projects involving the exact measurement and interpretation of a series of organic reactions. The delicate apparatus which has been available has led to a revision and more accurate explanation of some older work. The material so far accumulated is only a small part of that now outlined for future development.

The papers which are to be read and discussed at this time are:

"A Method for Measuring the Separate Ionization Constants of Poly-Acids and Bases," by Orville E. May, Harry W. Rabinowitz, and S. F. Acree.

"Spectrophotometric Studies of Ionization Constants, End Points and Fading of Phthalein and Sulfonphthalein Indicators," by Klare S. Markley, J. F. T. Berliner, and S. F. Acree.

"Quantitative Studies of the Mechanism of the Oxidation of Phenolphthalein to Phenolphthalein," by Raymond M. Hann and S. F. Acree.

"Sodium Acid Phthalate as an Acidimetric and Electrometric Standard," by Norman E. Knight and S. F. Acree.

"Elimination of Contact Potentials Between Organic Buffer Solutions by Means of Potassium Chloride and Ammonium Chloride," by C. N. Murray and S. F. Acree.

"The Use of Organic Buffers in Colloid and H-ion Studies in Analytical Chemistry," by G. L. Roberts and S. F. Acree.

This synopsis of the work of Dr. Acree and his students points to the rapidity with which the facilities at the research laboratory, located at present at 808 Eye Street N. W., have come into actual productive capacity. The work is also an indication of the tendency of the University to continue in its assumption of a leading position in the support of pure and applied science.

### NEW REVENUE SOLICITOR IS GRADUATE OF G. W.

Alexander Gregg, graduate of Columbian College in 1921 and of the Law School in 1923, has been appointed Solicitor of Internal Revenue, succeeding Nelson Hartson, who resigned a week ago. Gregg is known as the "tax wizard" of the Treasury Department.

Although he is only 25 years old, Alexander Gregg is recognized as a financial genius. His career in this line began five years ago, while he was studying here in the University. He entered the office of the Internal Revenue as a clerk, and soon distinguished himself by his remarkable aptitude for solving the intricacies of the tax system.

A short time ago Gregg was sent to Europe by Secretary Mellon to study the English tax system in comparison with our own. This led to a considerable prominence among financial circles, and indirectly to the new appointment.

### SECRETARY E. J. HENNING TO LEAVE DEPARTMENT

E. J. Henning, who is known to the University chiefly as the able head of our Endowment Campaign last year, has resigned from his position as Assistant Secretary of Labor and plans to again take up his practice of law. It is possible, however, that he may be appointed Federal judge in the Southern District of California.

Mr. Henning recently visited the White House for an interview with President Coolidge in respect to his possible appointment. He says he expects to leave the Department in the near future.

Besides being connected with the University as endowment head, Edward J. Henning is a graduate. He received his law education in our Law School, graduating in 1897.

### ENTERTAIN H. S. STUDENTS

A large number of students from Evander Childs high school visited Washington last week and were guests of the University at an illustrated lecture given in Corcoran Hall Saturday afternoon by Professor Bolwell.

The visitors were met by members of the Hour Glass honor society and taken on a tour of inspection of the University, including the basketball game with the University of Pennsylvania.

### LAST OF TALKS ON AIR FORCES GIVEN AT CHAPEL

The last of a series of talks on the Army Air Service was given last Monday afternoon when Maj. James Mars addressed the student chapel.

Due to the recent controversy over the efficiency of our air force, considerable interest has been manifest in these lectures, the first of which was given on March 16 by Maj. Gen. Mason M. Patrick, Chief of the Army air forces. The second and third talks, illustrated by official films of Army maneuvers, were delivered by Lieut. Curley McDermott during the same week.

### POEM CONTEST PLANNED BY SOUTHERN METHODISTS

Three Prizes Offered, One Open to  
All Undergraduates in American Universities

Aspiring poets in the University who have composed original poetry of merit are offered the opportunity to compete in an original poem contest to be conducted by the Southern Methodist University of Dallas, Texas.

Although three prizes are offered, students at George Washington would be eligible for only one, the National Prize of one hundred dollars, open to all undergraduates in American universities and colleges. The other awards are the Texas Prize of fifty dollars, confined to undergraduates in Texas universities, and the Local Prize, in which only students of Southern Methodist University may compete.

Each contestant is limited to one poem, or group of poems, not exceeding two hundred lines in length. Those competing must send in three typewritten copies of their poems, while those eligible for more than one prize must submit six copies. The author's name must not appear on the manuscript, which will not be returned. No subject or poetic form is prescribed. Entries must be accompanied by a statement certifying that the contestant is a bona fide resident undergraduate. At the conclusion of the contest, contestants will receive a pamphlet containing the ten best poems submitted.

Copy should be sent to Jay B. Hubbel, Southern Methodist University, Dallas, Texas, and should reach there not later than March 15, 1925.

The National Prize will be awarded by a committee consisting of John Farrar, editor of "The Bookman"; Dubose Heyward, author of "Skylines and Horizons"; and John Crowe Ransom, author of "Chills and Fever," and Associate Professor of English at Vanderbilt University.

### MATILDE EIKER, A. B. '14, HAS FIRST NOVEL PRINTED

"Mrs. Mason's Daughters" is bringing fame and fortune to a graduate of George Washington University. The new novel published by MacMillan and Company, New York, is the first attempt of Matilde Eiker, class of 1914, to join the ranks of American authors. According to the reviewers, the book is well worth reading and is among the best of the recent novels.

Under the name of "Half Gods Go," Miss Eiker sent her manuscript to the publishers. It never came back, but in its stead came a letter of acceptance. The name, however, was to be changed to "Mrs. Mason's Daughters."

In accordance with the trend of modernity, the story is one of a battle against convention made by four women, and is told with a marvelous insight and sympathy.

Matilde Eiker was born and educated in Washington. She attended Central High School, and upon her graduation came to George Washington. Her A. B. was awarded her at Commencement, 1914, and she started on a career of teaching. She is now teaching English at Business College. Her home is 1006 Otis Place.

### DR. HILL ANNOUNCES

ARRIVAL OF NEW DAUGHTER  
Dr. Charles E. Hill, Professor in Political Science, has just announced the arrival of a new daughter, Caroline Esther, born last Monday.

Dr. Hill, as proud as any father could be, says the first thing the young lady asked was whether she had arrived in time to compete for the Weddell Peace Essay Prize contest.

### ASSEMBLY TO BE HELD

A studio assembly will be held in conjunction with the Art and Archaeology League of George Washington next Tuesday afternoon, April 7, at the studio of Ulric C. Dunbar, 1517 H Street N. W.

Mr. Dunbar will exhibit his latest works and will give an exhibit in clay modeling with a short talk on "How to sculpture a portrait bust." All students interested are invited.

### NEEDS TENOR VOICES

The Men's Glee Club has a need for two tenor voices. Anyone interested should report to Glee Club practice Thursday night at 7 o'clock in Corcoran Hall.

## CO-ED DEBATE TRIO SUFFER FIRST LOSS

Lose Hot Forensic Bout To Girls  
Of William and Mary  
At Williamsburg

### DEBATE COURT QUESTION

Only Two Contests Remain On Schedule Of Local Teams  
For April

Contending against overwhelming odds and sure defeat, the affirmative women's team of George Washington University lost its first debate of the season Saturday evening at Williamsburg while arguing for the adoption of the resolution, "That the Constitution should be so amended as to give Congress power to overrule by two-thirds vote the decisions of the Supreme Court which declare acts of Congress to be unconstitutional."

Ruth Newburn, Vivian Simpson, and Denise Levy, who so ably upheld this proposed amendment the week before in Corcoran Hall against the University of West Virginia, were apparently unable to convince the set of judges—picked by William and Mary College—of the soundness of the resolution, and accordingly the decision went to Fearn Cabbell, Lillian Berlin, and Frances Riley of the latter school.

The George Washington girls' team was one of the strongest to enter the forensic field in years. They had excellent arguments. They proved conclusively the merits of such an amendment. They possessed undeniable logic of reasoning. These, coupled with their matchless oratorical skill of presentation, merited the team a favorable decision.

While the daughters of William and Mary were not amateurs at debating, they could not be compared to the ability of the George Washington team who were faced with the tremendous possibility of bias on the part of the judges—one the editor of a Democratic paper and another a state economic instructor.

Ruth Newburn, as in previous debates, was easily the orator of the evening. She rose to majestic heights not only in her constructive speaking, but especially in her rebuttal when she clearly and decisively refuted the contentions of the negative.

Despite repeated inquiries by the coach of the George Washington team, William and Mary College declined to answer or announce whom they had selected to act as judges until the evening of the debate. Then it was found that the Virginia State Economic Instructor, the editor of the Richmond News Leader, and a local contractor had been picked to decide the forensic abilities of the contending teams. The result was, of course, in favor of the home team.

Both the men's and women's teams have about completed the season's activities. There remains a debate with a North Carolina institution on the child labor question and one with Virginia on the proposed constitutional amendment. The dates for both of these contests are set for late in April. Definite announcement will be made later.

Y. W. C. A. TO ELECT  
The Y. W. C. A. will hold election of officers Friday, April 3, at 12:45 p. m., in Room 17, Corcoran Hall.

WEDNESDAY, APRIL 1  
12:20 p. m.—Chapel.  
12:45 p. m.—Women's Glee Club practice, Corcoran Hall.  
8:00 p. m.—Meeting, G. W. Players, Corcoran Hall.

THURSDAY, APRIL 2  
5:00 p. m.—German Club supper served in University Cafeteria from 5 to 8.  
8:00 p. m.—Meeting Memorah Society, room 23, Corcoran Hall.

FRIDAY, APRIL 3  
12:20 p. m.—Chapel.  
12:45 p. m.—Y. W. C. A. election of officers, Corcoran Hall.  
8:30 p. m.—Illustrated lecture by Dr. Charles K. Edmunds, Corcoran Hall.

MONDAY, APRIL 6  
12:20 p. m.—Chapel.  
12:45 p. m.—Practice, Women's Glee Club, Corcoran Hall.

TUESDAY, APRIL 7  
Studio tea given under auspices of Art and Archaeology League at Studio of Ulric C. Dunbar, 1517 H St., N. W.

WEDNESDAY, APRIL 8  
12:20 p. m.—Chapel.  
12:45 p. m.—Women's Glee Club practice, Corcoran Hall.  
8:00 p. m.—Meeting Masonic Club, Gavel Club Rooms, 719 13th Street, northwest.

### NEWMAN CLUB ORGANIZED PLAN LUNCHEON IN APRIL

Catholic women students in the University last Wednesday night organized the Newman Club at a meeting held in Corcoran Hall. Plans for the future were formulated and an executive committee elected.

The club has made arrangements to give a luncheon on April 11 at the Ivy Vine. Anyone interested should get in touch with Mary L. Chase or Nan Dorton, at the Alpha Delta Pi Rooms, 2022 G Street.

## ZOLLER ELECTED CAPTAIN AT BASKETBALL BANQUET

(Continued from page 1)

Throughout he showed the need of active and unflinching support by the student body as a whole.

Coach Daily in a brief talk gave a resumé of the season, pointing out the need for more money next year, and the restrictions which the lack of finances, and the impossibility of using the new gymnasium at times had placed on the team. Daily spoke of the pleasure of his work this year and thanked all the men for their unflinching support and cooperation.

Brief speeches were made by Capt. David, Manager Gard, Sawyer, Zollar, Bowen, McGrew and Browne. David, Zollar, Bowen, Sawyer, Browne, Macdonald, Gard and Nevaizer recommended to receive letters, while Marshall, Johnson and Warner were recommended for numerals.

The entire banquet was pervaded by a spirit of progress and with the coming of the important changes in policy, greater athletic feats may be expected at G. W. in the near future.

### EPISCOPALIANS MEET

Episcopalians in G. W. held their regular meeting on March 26. A paper on the subject of "Biology Is the Subject that Has Most Affected My Religion" was read.

The point was brought out that while scientists could explain everything except the fundamental form of life—that is, protoplasm—therefore there must be a Supreme Being to create this substance.

A short talk upon Sunday observance was given by Elizabeth Wiltbank. This was followed by a general discussion of the subject.
